Dear Parents and Caregivers  
Tēnā koutou katoa

If you had the opportunity to visit the St Heliers School Christmas Market in the hall yesterday you would have seen a large variety of stalls selling all sorts of things. A fantastic fundraiser which is largely the result of a lot of organising and hard work by Marisa Kyd, Andrea Woolley and Nicole Cooper along with the help of Victoria Harbinson on raffles and money. This is the last year at St Heliers School for Marisa, Andrea and Nicole so we are looking for parents who would like to help with organising next year's Christmas Market.

Unfortunately it is that time of the year when we must farewell some of our staff. Mr Adrian Young has taught at St Heliers School for the last nineteen years and been in education for the last thirty eight years. Sadly Adrian will be retiring at the end of the year, he certainly deserves a break and there are many things he and his wife have planned for the coming years. I thank Adrian from a huge number of children that he has made a difference to, both at St Heliers School and the other schools he has taught at.

Miss April Smith has been teaching in Year 3, Room 11 for the last 2 years. Sadly we will be farewelling April at the end of the year. Parents whose children have been in her class know what an amazing and committed teacher she is and the children know how special Miss Smith is. April gets to know her students really well and care about their progress and welfare. We wish April well next year as she takes up a teaching position at Diocesan School for Girls.

Miss Anita Minnaar arrived all the way from South Africa and took over Room 21 at the beginning of Term 3. I would like to thank Anita for taking over the class with only a little knowledge of how the New Zealand school system operates. Anita is joining St Thomas' School next year and we wish her all the best.

Mr Ben Christie, Year 8 teacher in Room 20 this year will be heading off on his OE next year and to also teach in the Middle-East. This is a great opportunity for Ben to see the world while seeing what it is like teaching abroad. Ben has been at St Heliers School for the last 3 years and has grown to be a very capable teacher. Ben is certainly leaving his mark on the school. We hope this is not the last we have seen of Mr Ben Christie at St Heliers. We wish him safe travels and exciting adventures ahead.

We have three new teachers joining the school next year and I look forward to introducing them to you in the New Year. They are very excited about starting at St Heliers School and I know they will fit perfectly into our team.

I would like to wish the Year 5&6 students a fantastic camp next week. Going at this time of year should be warmer and drier so the children get to participate on all of the activities. I am sure they will all enjoy themselves and display the school values at all times. Thank you to the parents who will be helping out at camp and I will see you out there if you are helping on the Year 6 camp in the first half of the week.

I do not think I need to tell parents that this is a very busy time for teachers and other staff at school with reports, classes to organise for next year, awards to be sorted and many events to be coordinated. Please understand that this is a pressure point for all schools and your patience and respect is greatly appreciated.

In the last newsletter of the year we will share the class and staff organisation for 2024.

Noho ora mai  
Sean Valvoi  
Principal

## STUDENT PLACEMENTS 2024

At this time of the year, teachers have been organising classes for 2024. All current classes are split into next year's classes with teachers considering the following:

- Academic abilities of individuals and groups
- Style of next year's teachers
- Friendships
- Behaviour
- Gender balance
- Cultural mix

I would like to stress that although teachers consider friendships, it is not the overriding factor. The overriding factor is what is best for the learning of individuals and groups; therefore, children should not expect to be with their best friends every year. If your child is not in the same class as one of their friends and gets upset about this, it is important that you teach them about resilience in such situations; they will have the opportunity to get to know other children, make new friends, and continue existing friendship in the playground.

Please do not approach your child's class teacher to request a particular teacher for next year. It is simply not possible to do this, as we would not be able to meet everyone's requests. In addition, moving one child has a flow-on effect for other groups of children.

Class lists will be sent home on Wednesday 13th December and your child will have the opportunity to meet their 2024 teacher and classmates on Friday 15th December.

## MATHEX

On November 16th 2023, a group of 16 students (two Year 5 and two Year 6 teams) competed in the Mathex competition held in Saint Kentigern Boys School auditorium. Each group had 4 team members where one was also a runner. The Year 5&6 teams had 30 minutes each to complete 20 math problems.

There was an intense and competitive atmosphere which made it even more interesting. It all went very well and we had fun but unfortunately none of our teams placed. The host was constantly keeping us up to date on the microphone with the scores.

We competed against eighteen Year 5 teams and sixteen Year 6 teams. To prepare all of the St Heliers competitors, we came to a weekly practice on a Thursday lunch in Term 3 and Term 4. Without our coach/teacher Miss Franklin, we would not have been able to get the best out of this experience. A huge thank you to our supporters watching from the sideline as well.

## TEREHU'S (Year 0-1) INQUIRY UNIT ON TOYS

On Wednesday 22nd November the Year 0-1 classes were treated to a talk by Phil, a friend of Mrs Hills who is also a grandfather to the Harbin boys who have been students at St Heliers School over the past 20 years. Phil makes wooden toys out of recycled wood and he brought along a selection of them to share with the students. They were fascinated when he told them he didn't use nails. The toys had no batteries and there was not a scrap of plastic in sight. His visit fitted in perfectly with Terehu's Inquiry unit on toys.

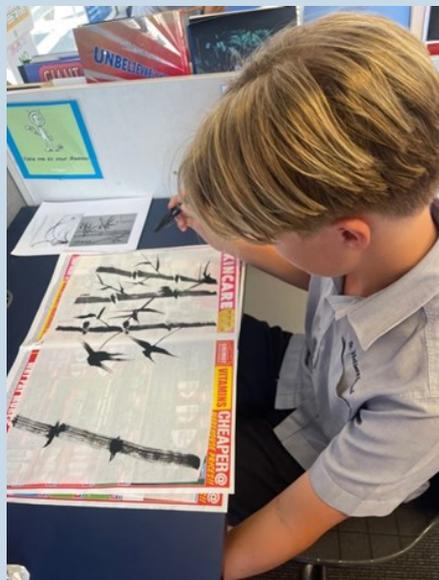

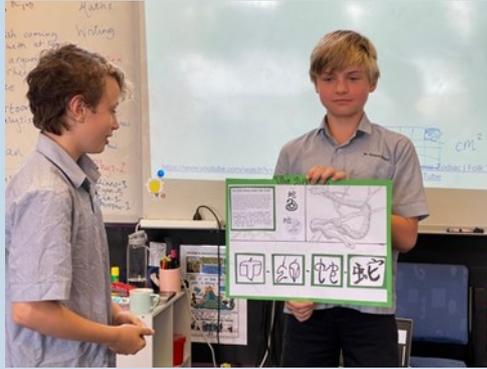

# MANDARIN UPDATE

In the past few weeks, students have delved into the rich tapestry of China's animal zodiac signs. For the senior students, a highlight of the topic was the creation of stunning zodiac posters. Armed with curiosity and creativity, these students embarked on a journey of research, sourcing information about the characteristics and significance of each zodiac animal. The result was a series of visually striking posters that adorned the classroom walls, showcasing both the students' artistic talents and their newfound knowledge of the Chinese zodiac. Meanwhile, the junior students were equally enchanted by the theme. They enthusiastically participated in crafting vibrant zodiac bookmarks.

Y7-8 students had the unique opportunity to explore traditional Chinese arts such as calligraphy and Chinese painting. Armed with ink brushes, they experienced the ancient art of calligraphy on delicate rice paper.

## MOTAT TEREHU (YEAR 2)

On Tuesday, 28 November, the Year 2 children went for a visit to MOTAT to further our Term 4 study of toys. We have been finding out about toys of the past and how our parents and grandparents used them. MOTAT has a very comprehensive collection of very old toys which we could learn about and play with. It has been a very interesting study for us to find out how many toys were used without batteries.

*"I loved the Jack-in-the-box" - Chloe P.*  
*"I wonder how that works?" - Thomas S.*

While we were there we were able to take in some of the other educational displays of transport and technology at the museum. The children were able to sit in the seat of a helicopter, a car and old plane. They also were able to enjoy an interactive display of telephones from the past.

For some of the children it was their first visit to MOTAT and we were able to travel between the educator's classroom in the Aviation Hall in Meola Road to the main MOTAT museum by tram, which was one of the highlights of our trip.

The Year 0-1 children have also experienced the same adventure as we did this week and we know they had a great time interacting with all of the displays at MOTAT just as we did!

## CHRISTMAS MARKET

The Christmas Market was a fantastic success. Thank you to the organisers Marisa, Andrea, Nicole and all those who helped out. Thank you to parents who provided baking, Jolly jars and other goods. Thanks to the stall holders, staff, board and the choir for their wonderful singing. It was a lovely event which not only was a good fundraiser but also brought the community together.

# SCHOOL DISCO

The children had a wonderful time at the Discos on Friday night last week. Thank you to all the staff for organising the event, to those who really got into the spirit of the night and the parents who helped out.

## **Suburbs New Lynn CRICKET CLUB**

### International Experience available to your school Cricket Team!

Are you or your team members looking for additional coaching over the cricket season or during the school holidays?

SNLCC has some very talented international coaches/players available, to give specialist coaching. We are happy to offer two options.

1 on 1's at \$50 per hour.

Pod training, a maximum of 4 players for 90 mins - \$125

These fees include use of the Indoor training facility at Ken Maunder Park. New Lynn – full run up, newly re-laid artificial turf, 5 nets.

Or the training could take place in school training facilities, but a travel/petrol fee would apply.

The coaches would also be happy to tailor a programme if you had any other requirements.

# CHRISTMAS SHOEBOX

We have been thinking of how we can help families who don't have a lot of money to spend at Christmas time. Some people can barely afford food, let alone toothbrushes, soap and other basic items. We came up with the idea of Santa's Shoebox, a box filled with some practical items and some treats. The things we suggest are: a bar of soap, 2 non-electric toothbrushes, a tube of toothpaste, some coloured pencils, a pack of normal pencils, a few pens, an eraser, a sharpener, a simple card game, a face cloth and some long lasting lollies, like fruit burst. You can add other things of course! We're asking families to spend no more than \$35 and to cover their shoebox in Christmas paper. The final touch is a handmade Christmas card.

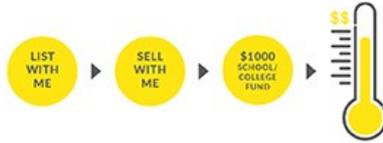

If you can help, please deliver your Santa shoebox to your child's classroom teacher. We will be delivering the shoeboxes around Auckland in December. Thank you for your support and we hope you have fun making your Santa's Shoebox!
