

My Mobile Learning (MML) Agreement

I want my child to bring their own digital device to school for use in the classroom learning programme. I understand (*please tick each statement*):

- All devices brought to school are my child's responsibility and the insurance for the device is my responsibility.
- The school holds no responsibility for any loss or damage which might occur. This includes both software (virus, malware etc) as well as hardware.
- That teachers will provide a locked cupboard in which my child may place their device when not in use.
- Children should bring devices to school each day fully charged.
- Devices brought to school are for the use of my child only. My child will share his/her screen with others during collaborative group work, however my child is in charge of his/her device.
- Children will use cloud based applications such as Google Drive for file management and are allowed to access this at home with parent permission.
- My child will still use pen and paper as part of their learning in addition to the purposeful use of their device.
- Rules governing the use of any school-owned digital device will apply to student-owned devices while they are at school. This includes adherence to the Copyright Act and School Internet Safety Policy.
- I understand the device will be subject to internet filtering while connected to the school wireless network. This includes the installation of a security certificate to allow filtering of secure sites.
